Women in STEM since 1985

Seattle AWIS and ACS Puget Sound Section are co-presenting:

The Science of Renewable Materials

Wednesday – April 18, 2018 – 6:00 PM

Fred Hutchinson Cancer Research Center – Pelton Auditorium

1100 Fairview Ave. N., Seattle, WA 98109 – Free visitor parking

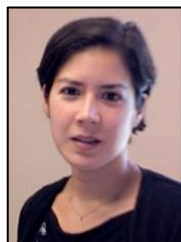

6:00 PM Networking and Refreshments

6:30 PM Introductions and Program

7:45 PM Networking and Dessert

More efficient energy sources and strategic thinking... Come join us to learn more about renewable materials. Our panelists will discuss current research on selecting less toxic and environmentally friendly materials for solar and electronic devices, low cost energy storage and adoption of clean energy technologies, company strategies in renewable energy, and the renewable value of waste.

Our Distinguished Panelists:

Christine Luscombe, Ph.D.
Associate Professor,
Materials Science and
Engineering, Seattle
University

Vanessa Miler-Fels
Renewable Energy
Strategist,
Microsoft

Lilo Pozzo, Ph.D.
Associate Professor,
Chemical Engineering,
University of Washington

Danielle Gambogi
Waste Zero Specialist,
Recology® CleanScapes

All programs are FREE and open to the community.
