Call for Nominations

Call for Nominations for the 2018 ACS Puget Sound Section Executive Officers

The ACS Puget Sound Section is calling for nominations for its executive committee elections for offices starting in January 2018. We have seven positions up for election and we would love your contributions to the continued success of our section. A brief description of the duties for each position is provided below.

Section Chair-Elect/Chair/Past-Chair (1 Year Term per Position - One open position)

This is a three year commitment serving one year as Chair-Elect, Chair, and Past-Chair. The duties vary slightly with each. Chair-Elect is the open position for 2018.

Chair-Elect (2018) Responsibilities

- attend executive committee meetings and facilitate meetings in the chair's absence
- head the speakers' bureau committee
- attend the Leadership Institute training sponsored by ACS

Chair (2019) Responsibilities

- lead executive committee meetings and provide leadership
- appoint committee chairs
- ensure timely completion of business tasks

Past-Chair (2020) Responsibilities

- attend executive committee meetings
- provide support to the Chair, Chair-Elect, and the executive committee
- complete annual report for previous year
- lead the nominating committee

Green Chemistry and Safer Alternative Trainings

Reducing Chemical Hazards: The First Move.

Flyer is [here](#)

It is crucial to make informed decisions when choosing chemicals in products, processes, and supply chains. Companies striving to easily identify hazardous chemicals when making chemical management decisions can now make a first move using the GreenScreen® List Translator. This automated tool helps you understand known impacts of chemicals on human health and the environment and categorize which chemicals to avoid when purchasing and designing.

Join the training to...

- Understand the value of chemical hazard assessments and related tools and resources.
- Define *GreenScreen® List Translator* origins, methods, strengths, and limitations.
- Obtain *GreenScreen® List Translator* results for chemicals of interest using automated databases.
- Use this tool to inform chemicals management and sustainability decisions and prioritize action.

YCC Networking Opportunities

Hi YCC,

Within this issue of The Chemist is information for the "Beers with Peers" YCC event. To recap:

What: Networking event for YCC members, with the rest of the ACS Puget Sound section invited

When: June 22, 2017, 6-8 pm

Where: [Flat Iron Grill](#), Issaquah (317 NW Gilman Blvd #28, Issaquah, WA 98027)

See you there!

Results of the YCC Survey:

- 33 participants
- Most participants were undergraduates or mid-level professionals (age range 20-35)
- Most important factors for attending an event was time (traveling distance) and location
- Most interest in networking events
- Lots of feedback concerning events focused on career information

Thanks to those who participated; please drop a line if you want to share more thoughts on future ACS events.

CONTINUING EDUCATION PROGRAMS
PACIFIC NORTHWEST
OSHA EDUCATION CENTER
safe workplaces, sustainable communities

**OSHA 7225:
TRANSITIONING TO SAFER CHEMICALS**
Portland, Oregon

This course will guide participants through OSHA's substitution planning process for understanding and evaluating chemical use, identifying and assessing alternatives, and implementing those alternatives that are safer. OSHA 7225 is for professionals at all levels of chemistry understanding who play a role in product and materials selection.

Green Chemistry & Chemical Stewardship Online Certificate Program

September 27, 2017 - June 8, 2018

3-course program intended to give graduates the tools to make a difference and find success by learning to design safer chemicals and industrial processes. Businesses are facing increasing market and regulatory pressures to use less toxic chemicals in their manufacturing processes and products, and are in need of professionals who can provide innovative solutions and more sustainable substitutes.

During this program, we will explore:

- The 12 guiding principles of green chemistry
- Business drivers and barriers to implementing sustainable practices
- Frameworks for incorporating chemical toxicity and human health considerations into product design, material selections, and supply chain decision-making
- Environmental, economic, and societal benefits of green chemistry
- Latest research and regulatory developments in the field
- New tools for chemical design and methods for comparative chemical hazard assessments

Completion of all 3 courses is required to earn a certificate. Register online at osha.washington.edu or contact the DEOHS Continuing Education Programs at 206-543-1069 or ce@uw.edu.

[Summer Physics Instructor \(Bastyr University\)](#)

Deadlines: See posting for details

Location: Kenmore, WA

ACS PSS Posting Date: 05/31/2017

Brief Description: Bastyr University is searching for an instructor for a summer physics course (see the course description below). Summer begins on 7/10/2017 and ends 9/1/2017. While we would prefer instructors to do both lecture and lab components, we are also willing to have separate instructors for lecture and lab. Interested faculty should contact Mark Martzen (mmartzen@bastyr.edu). Please share with faculty who might be interested.

BC3108 Physics 1 Lecture/Lab (Credits 5)

This class is the first in a sequence of physics courses designed for biology majors. Students are required to learn and apply the laws of motion and the relationship between work and energy. Specific applications to human biology are emphasized. The lab component emphasizes scientific inquiry.
