Summer!!

Summer officially began on June 21st, and the weather has certainly been hot! The mountain snow packs are short, water is scarcer, wildfire season is here and sunscreen usage is a really good idea!

Have a great 4th of July and stay safe out there with those fireworks!

At the end of August the window for nominations for offices to begin in January 2016 will close. We are still seeking candidates for any position, but especially for the Chair Elect/Chair/Past-Chair track. It is a rewarding role to be in this leadership position, but it also takes dedication. Details about all the positions up for election are in the [News Briefs](#) section.

The [Mark Your Calendar](#) section has events for later on this year. The big one is the ACS National Meeting in Boston from August 16th – 20th.

See the [Calendar](#) in this newsletter or our [Website's Calendar](#) for details regarding this month's events.

Cheers!

Call For Nominations

Call for Nominations for the 2016 ACS Puget Sound Section Executive Committee

The ACS Puget Sound Section is calling for nominations for its Executive Committee elections for offices starting in January 2016. We have seven positions up for election this year and we would love your contributions to the continued success of our section.

A brief description of the duties for each position is provided below.

Section Chair-Elect/Chair/Past-Chair (1 Year Term per Position - One open position)

This is a three year commitment serving one year as Chair-Elect, Chair, and Past-Chair. The duties vary slightly with each.

As **Chair-Elect (2016)**, you will

- attend executive committee meetings and facilitate meetings in the chair's absence
- attend the Leadership Institute training sponsored by ACS
- assist with the development of programming for membership

As **Section Chair (2017)**, you will

- lead executive committee meetings and provide leadership
- appoint committee chairs
- coordinate the preparation of the annual report
- ensure timely completion of business tasks

As **Past-Chair (2018)**, you will

- attend executive committee meetings
- provide support to the Chair, Chair-Elect, and the executive committee
- complete annual report for previous year
- lead the nominations committee

Science Cafés

► These Science Cafés are free and are open to all ages. ◀

Queen Anne Science Café

"Understanding Stem Cells "

Tuesday, 7 July, 2015 - 7:00pm - [T.S. McHugh's](#)

- T.S. McHugh's is located at 21 Mercer Street, Seattle, WA 98109.

What are stem cells? How can they realistically benefit society? Why is stem cell research so controversial? Get the details and perspectives you need to become conversant about stem cells with Dr. Peter Amos, Ph. D. of the University of Washington School of Medicine as he explores the science and implications of this important research.

Tacoma Science Café

"The Biggest River in Puget Sound"

Tuesday, 14 July, 2015 - 6:30pm - [Swiss Restaurant & Pub](#)

- The Swiss Restaurant & Pub is located at 1904 Jefferson Avenue, Tacoma, WA 98402.

Did you know that there is a local undersea "river" of ocean water that is 20-30 times stronger than the flow of all our Puget Sound rivers combined? Join coastal oceanographer Dr. Parker MacCready, Ph.D. of the University of Washington School of Oceanography as he discusses where all that water comes from and why, as well as the extraordinary consequences this "river" has for our local ecosystem.

Science Cafés

► These Science Cafés are free and are open to all ages. ◀

Eastside Science Café

"The Paleontology Behind Climate Change Research"

Monday, 21 July, 2015 - 7:00pm - [Wilde Rover](#)

- **Wilde Rover is located at 111 Central Way, Kirkland, WA 98033.**

Climate change is a major modern issue, but in order to understand how the Earth and everything that lives on it responds to change, we have to look back in time. Paleontology can help us discover how and where plants and animals used to live, and what may have happened to them when climate changed in the past. Join Ethan Hyland, Ph.D., Future of Ice/Quaternary Research Center, U.W. Department of Earth and Space Sciences for an important conversation.

Science on Tap

- Science on Tap is another science café that meets in Seattle, WA. Information regarding the next Science on Tap event can be found on their website: <http://www.scienceontap.org>

Younger Chemists Committee

YCC Information

We are a local section of the national Younger Chemists Committee. The YCC was chartered by the American Chemical Society to address the specific needs of younger and early-career chemists. The YCC's vision is to lead younger chemists into successful careers and active roles in the ACS and the profession.
